2013 in review

The WordPress.com stats helper monkeys prepared a 2013 annual report for this blog.

Here's an excerpt:

A New York City subway train holds 1,200 people. This blog was viewed about **4,200** times in 2013. If it were a NYC subway train, it would take about 4 trips to carry that many people.

[Click here to see the complete report.](#)
